

L223 is equipped with a computer, projector, and A/V system with sound. The projection surface is also a whiteboard and can be written on using dry erase markers.

- The **computer** is located on the wall mounted adjustable instructor station.
- If the computer screen is blank, move the mouse to wake it up. If it does not respond, press the power button located on the front of the computer.
- Log in by typing your network name and password.
- **REMEMBER TO LOG OUT WHEN YOU ARE FINISHED.**

The controls for the **projector power, volume** and **input source** are located on the wall to the right of the wall mounted instructor station.

If you wish to connect other devices to the projector, use the **HDMI** cable at the station and press the **HDMI** button on the controller. Adapters for most model laptops are attached to the HDMI cable.

The wall mounted instructor station can be adjusted to your desired height and position.

Additional **USB ports** can be located on the left side of the computer screen.

Instructions for using the interactive features of the projector are on the reverse side.
