	16 CHEM 202 Organic Chemistry II	4	CHEM 202*	CHEM 202*	CHEM 202*	CHEM 202*	CHEM 202	CHEM 202*
	17 Social & Behavioral Science Gen Ed in a different discipline from the first	3	Choose	Choose	Choose	Choose*	Choose	Choose
	18 General Education Elective	3/4	PHYS 252*	Choose	PHYS 122 or PHYS 252*	Choose*	PHYS 121 or 151	World Language 201*

**Important Notes:** The schools represented here are only a small sample of transfer options. Information is subject to change, and this suggested pathway is a guide, not a contract. Students should use this in consultation with an FCC advisor, the FCC catalog, [ARTSYS](#) (the state-wide online transfer system), and an advisor at the transfer institution. See the “Pathway Notes” section for more detailed information.

**Full-time student:** Follow the green semester blocks in order. **Part-time student:** Follow the blue course sequence at your own pace.

## Frederick Community College Suggested Transfer Pathway

Catalog Year 2020-2021

### Pathway Notes

\* must earn a grade of "C" or higher in this course

### Transfer Institution Information

**University of Maryland College Park** offers a degree in General Biology or a degree in Biological Sciences with specializations in Cell Biology & Genetics, Ecology & Evolution, Microbiology, and Individualized Studies. The Biology program is a Limited Enrollment Program and requires a grade of "C" or better in gateway courses (BSCI 150 and 102, CHEM 101 and 102, CHEM 201 and 202) and a minimum GPA of 2.7. Only one gateway course can be repeated to earn the required grade (audits and withdrawals are considered an attempt).

**Towson University** offers concentrations in Cell & Molecular Biology, Functional Biology of Animals, Organismal Biology & Ecology, and Biology Secondary Education.

**Mount St. Mary's University** offers a B.S. in Biology and a minor in Biology. Only courses with a grade of "C" or better will be accepted in transfer.

**Hood College** offers a Bachelor of Arts in Biology or Environmental Science & Policy. Students who transfer to Hood College with a completed A.A. will have met Hood's lower level general education core requirements, and will not need to take World Languages.

**University of Maryland Baltimore County** offers a B.S. in Biological Sciences, a B.A. in Biological Sciences, a B.A. in Biology Education, a B.S. in Biochemistry and Molecular Biology, and a B.S. in Transitional Life Science Technology.

### Advising

Students should meet with an advisor each semester to carefully select and sequence courses based on their specific academic goals and interests.

The Counseling & Advising Office offers general advice: [emailadvising@frederick.edu](mailto:emailadvising@frederick.edu) • 301.846.2471 • [frederick.edu/advising](http://frederick.edu/advising)

Program managers offer specific academic area advice: [frederick.edu/programs](http://frederick.edu/programs)

### Completing the Pathway

Students who take fewer than 15 credits each semester or who require developmental English or math coursework will need additional semesters to complete their degrees. Summer and January term classes may help students to make faster progress.

General Education CORE courses can often be taken in any semester. One course must be designated as a Cultural Competence course. A minimum of nine credits must be taken at the 200 level. Refer to the college catalog ([frederick.edu/class-schedules](http://frederick.edu/class-schedules)) for course details and the list of General Education and Cultural Competence classes.

### Reverse Transfer

FCC students who transfer to another school may transfer credits *back to FCC* from that school to fulfill FCC associate degree requirements. Visit [frederick.edu/credit-admissions/reverse-transfer](http://frederick.edu/credit-admissions/reverse-transfer) or contact an advisor for more information.
