Business Management

The Business Management program is designed for students seeking immediate employment in entry level management or management trainee positions upon completion of the program, or for individuals desiring to start their own business.

Business Management A.A.S. Degree

The Business Management A.A.S. program prepares students for employment in management or management trainee positions. Students will discover, apply, and think critically about basic business, accounting, and computing concepts and trends. Students will learn effective communication skills and how to apply computing technologies to solve business problems.

Although the majority of the coursework will transfer to other institutions, this program is oriented toward employment preparation. The Business Management A.A.S. can be completed entirely online. This program is designed for students seeking immediate employment upon completion of the program or for individuals desiring to start their own businesses.

Learning Outcomes:

- Demonstrate competence discovering, applying, and thinking critically about basic business, accounting, and computing concepts and trends.
- Identify and analyze ethical issues in business.
- Communicate effectively using multiple communication methods (oral, written, graphic, and electronic).
- Apply computing technologies to solve business problems.
