

HEALTH SCIENCE

ACADEMIC PROGRAMS

Healthcare

is a transformative industry, propelled by innovations in science and technology that continually reimagines the potential of modern medicine.

Today, healthcare workers care for the ill, teach people how to be healthy, and manage new technologies that yield improvements in patient service. This evolution presents newfound capabilities in research, diagnostics, prevention, patient care, and a growing demand for educated workers.

Occupations in the healthcare industry are among the most available, highest-paying, and fastest-growing jobs in America.

.....

1.9 Million new healthcare jobs by 2028

\$67,000 median pay for healthcare occupations

18 OF THE 30 fastest-growing jobs in the United States

.....

A new, large, and educated workforce is in high demand. Frederick Community College healthcare programs deliver students the knowledge, confidence, and qualifications for lifelong work in coveted healthcare professions. Your career in healthcare begins here.

Physical Therapy

DEGREE

Physical Therapy Assistant A.A.S.

Graduation from a physical therapist [assistant] education program accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, VA 22314; phone; 703.706.3245; accreditation@apta.org is necessary for eligibility to sit for the licensure examination, which is required in all states. • Frederick Community College is seeking accreditation of a new physical therapist [assistant] education program from CAPTE. The program is planning to submit an Application for Candidacy, which is the formal application required in the pre-accreditation stage, in September 2021. Submission of this document does not assure that the program will be granted Candidate for Accreditation status. Achievement of Candidate for Accreditation status is required prior to implementation of the professional phase of the program; therefore, no students may be enrolled in courses until Candidate for Accreditation status has been achieved. Further, though achievement of Candidate for Accreditation status signifies satisfactory progress toward accreditation, it does not assure that the program will be granted accreditation.

Physical Therapy Assistant

PROGRAM OVERVIEW *This is a selective admissions program. See page 46 for more information.*

The Physical Therapy Assistant (PTA) A.A.S. degree prepares students for a career in physical therapy and allows students to enter the workforce directly after passing the national licensing examination.
