A. Travel Aligned with Course Curricula for Credit and Non-Credit Travel Opportunities

1. Development of a Proposal
 - a. Prior to developing a proposal, the applicant should consult with both their supervisor and Department Chair as well as the International Travel Experience Subcommittee to discuss the proposed travel experience, gather information about related College policies and procedures, and understand the timeline and

International Travel Policy and Procedures

processes involved with proposing and offering an international travel experience.

- b. In developing a proposal, the applicant must use the International Travel Experience (ITE) Handbook available from the Center for Teaching and Learning. The handbook contains deadlines and guidelines for proposing and leading a trip as well as trip leader, assistant trip leader, and student forms.
 - c. Applicants requesting international travel experiences for credit or non-credit must submit the International Travel Proposal Form, which outlines the purpose of the international travel and, for credit courses, how it relates to the curriculum.
 - d. The proposal must also include the College-approved tour company/vendor who will coordinate the trip, the FCC trip leader and assistant trip leader if known at the time, a clearly stated cancellation policy that will appear on the Student International Travel Application form, and the projected costs of the trip. See the International Travel Experiences Handbook for details.
2. Proposal Approval by Department Chair or Direct Supervisor and Executive Director/Associate Vice President
 - a. The applicant should submit the International Travel Proposal Form. This form will go to their direct supervisor/department chair and Executive Director/Associate Vice President for approval within ten (10) workdays of receipt of the proposal form. The role of the supervisor is to determine if the proposal is appropriate, review all details, and aligns with professional development, area, and/or College-level goals. The role of the Executive Director/Associate Vice President is to substantively review the proposal for coherence with the global learning goals of the College as well as goals of the area, strength of the proposal, and, if relevant, curricular goals.
 - b. If the Supervisor and/or Executive Director/Associate Vice President has concerns with the proposal, the Supervisor and/or the Executive Director/Associate Vice President will communicate with the applicant the questions or concerns about the proposal to support the modification of the proposal as needed.
 - c. When approved, the proposal will then be routed to the Vice President for Finance (Risk Manager) and the Director of College Safety, Security, and Emergency Preparedness.
 3. Risk Management Review and Recommendations
 - a. The Vice President for Finance (Risk Manager) and the Director of College Safety, Security, and Emergency Preparedness will review the proposed travel experience to assess risk and liability.

International Travel Policy and Procedures

receipt of the proposal that was approved by the department chair and direct supervisor.

4. International Travel Experience Subcommittee Review and Recommendation
 - a. Upon receiving the travel proposal, the Subcommittee will review the proposal to ensure that the international experience is planned during an appropriate period, aligns with the mission of the College, aligns with the curricular needs (for credit travel experiences), is likely to have sufficient enrollment in the instance that two trips are proposed in the same cycle, includes risk management review and recommendations, and has accounted for the necessary resources.
 - b. The Subcommittee will submit the recommendation to approve or deny the proposal to the Senior Leadership Team via the Provost/Executive Vice President for Academic Affairs, Continuing Education, and Workforce Development.
 - c. The Subcommittee will send written notification of the approval or denial for moving forward to the applicant, department chair, direct supervisor, Executive Director/Associate Vice President (AVP), and senior leader.

For additional pre-travel requirements, consult the International Travel Experiences Handbook.
 - c. If the International Travel Experience is for credit, the FCC trip leader should notify the Bursar, Director of Financial Aid, Registrar, and the FCC Foundation about the study abroad course once approved by SLT. This will allow the course to be added to a potential cost of attendance, while also allowing the offices to make the student aware of financial aid and scholarship opportunities. - iii. It is the trip leader's responsibility to contact the Bursar to ensure that all students are enrolled in all required courses, and have paid in full or made payment arrangements at least (30) days prior to departure.
